

## MODERN SLAVERY STATEMENT

### INTRODUCTION FROM THE BOARD OF DIRECTORS

#### OF NAVIGATOR TERMINALS LIMITED

Navigator Terminals Limited and its subsidiaries (“**Navigator Terminals**”) firmly believe that forced labour, human trafficking and other kinds of slavery are a gross violation of fundamental human rights. We will not tolerate these crimes, which all have in common the deprivation of a human’s liberty for personal and commercial gain. We continue to look for ways to improve our practices to combat slavery and human trafficking within our supply chains. The steps Navigator have taken include implementation of anti-slavery and human trafficking policy.

#### ORGANISATION’S STRUCTURE

Navigator Terminals is an independent bulk liquid storage provider with over 1.28 million cubic metres of storage available. We operate four terminals, each strategically located in major UK ports and serving key demand centres within the UK. As a leading provider of bulk storage solutions which respects its responsibilities under the law, we are fully committed to being part of ethical supply chains.

#### OUR SUPPLY CHAINS

Our supply chains predominantly comprise of United Kingdom based businesses providing business support services (such as cleaning, IT, office equipment), construction contractors and maintenance contractors. We are aware of the potential risks from sourcing goods and materials from outside the UK, although this is rare.

#### OUR POLICIES ON SLAVERY AND HUMAN TRAFFICKING

We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business. Navigator acts ethically and with integrity in all its business relationships and works hard to ensure that slavery and human trafficking is not taking place within our supply chains. Our Anti-Slavery and Human Trafficking Policy (“Policy”) reflects this.

#### SUPPLIER ADHERENCE TO OUR VALUES AND ETHICS

We have zero tolerance to slavery and human trafficking. We are committed to our goal of ensuring that all those in our supply chain comply with our values and ethics and have commenced carrying out relevant due diligence to ensure this, in accordance with our policy.
